

# **1st Topic: How AI Works (Basics)**

*List of terms based on the first topic from March 4, 2026.*

1. LLM
2. Smart Home Devices
3. Chatbot
4. Tokenization
5. Bias and its 4 types: historical, socioeconomic, confirmation, and bias in training data
6. Hallucinations
7. Machine Learning
8. Deep Learning
9. Artificial Neural Networks
10. Generative AI
11. Prompt
12. Chain of Thought
13. Token
14. Cognitive Computing
15. Reinforcement Learning
16. Algorithms
17. Inference
18. Neural Networks
19. Training Data
20. Bug
