I.S.P; These practical language lessons are <u>practical</u> and interactive so, Grades for this lesson will only be given if the following conditions have been agreed and completed; (unless you have negotiated 'special arrangements with a CZ teacher who will assign you a grade)

Erasmus; I think the Erasmus programme is a fantastic opportunity for all students who participate. These lessons are <u>practical</u> and interactive so, Grades for this lesson will only be given if the following conditions have been agreed and completed; (unless you have negotiated 'special arrangements with a CZ teacher who will assign you a grade)

- 1. I have been informed of the dates prior to the beginning of the placement
- 2. A lesson / subject / study plan (however you want to describe it) has been submitted
- 3. There is a lesson attendance record signed by the lesson tutor / Erasmus co Ordinator
- 4. If you choose not to follow this procedure, you need to communicate with the person you believe you agreed the placement with.

CEFR certificate (FCE, CAE,) common to popular belief/practice the CEFR certificate from a 'language school' is not a 'free pass' for obtaining a university BA degree, (unless you have negotiated 'special arrangements with a CZ teacher who will assign you a grade) without attending the lessons / completing the course requirements. This is a university BA course not an English language course.

Attendance; "not less than 70% All students will bring at least a copy of the required material/ pages into class, Active participation in the seminars."

Exams: If you do not / choose not to complete the 'speaking, assessment' part of the course, you can opt to attend an exam with a CZ teacher and describe a picture to pass!
