

- talk about security solutions
- express possibility and prohibition
- report events and incidents
- recommend improvement actions

Security solutions

Speaking 1 Work in pairs. Make a list of all the different words about security threats and attacks you can think of.

Reading 2 Read the descriptions 1–8. Match the words in the box to the descriptions.

adware hacker browser hijacker malware attack spyware
Trojan virus worm

Speaking 3 Have you ever had a computer security threat? Has anyone ever hacked into your computer system? Use the words and phrases in 2 to describe what happened.

4 Work in small groups. Discuss what you can do to stop these problems.
